### **DETAILED ACTION**

1. Applicant's amendment filed on April 27, 2007 has been entered. Claims 1-19 are pending.

#### ***Response to Argument***

2. Applicant's arguments filed April 27, 2007 have been fully considered and are persuasive.

#### ***Allowable Subject Matter***

3. Claims 1-19 are allowed.

4. The following is an examiner's statement of reasons for allowance: The prior art does not disclose a first communication path set up unit configured to set up a first communication path between the program distribution device and the client device for communications other than transfer of the executable programs; a second communication path set up unit configured to set up a second communication path directly connecting the program distribution device and the tamper resistant processor within the client device and dedicated for transfer of the executable programs such that the executable programs are not accessible by any other parts of the client device, the first and second communication paths being set up as different channels on an identical transmission line or as different transmission lines; an encryption processing unit configured to produce an encrypted program by encrypting an executable program to be distributed to the client device and executed within the tamper resistant processor, by using the unique public key of the tamper resistant processor which is not shared with any other parts of the client device as set forth in claims 1, 7, 13, and 14.

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Thanhnga (Tanya) Truong whose telephone number is 571-272-3858.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Kim Vu can be reached on 571-272-3859. The central fax number for the organization where this application or proceeding is assigned is 571-273-8300.
